

The DNA of tech.

AT A GLANCE

60+
YEARS

of technological
leadership in the
components industry

We can supply
~80 % of your BOM
in power applications

\$2.6B investment in
capacity expansion
over the next four years

VISHAY IS CLOSE BY
Manufacturing hubs in every
region with the ability to scale

We are the go-to manufacturer for engineers to
innovate with confidence that **The DNA of tech®**
is behind them all the way

Semiconductors

- MOSFETs
- ICs
- Power Modules
- Diodes and Rectifiers
- Optoelectronics and Sensors

**FROM DISCRETE SEMICONDUCTORS TO
PASSIVE COMPONENTS**

**FROM THE LOWEST VOLTAGE DIODES TO THE
HIGHEST ENERGY CAPACITORS**

Passives Components

- Capacitors
- Resistors
- Electromechanical and Temperature Sensors
- Inductors and Magnetics
